**NOTICE OF THE PUBLIC COMMENT PERIOD
ON A DRAFT REMOVAL ACTION WORKPLAN**

The Department of Toxic Substances Control (DTSC) invites your comments on the Draft Removal Action Workplan (Draft RAW). If approved, DTSC would consolidate the slag and contaminated soil in one area of the site and cap it. This Draft RAW would include a deed restriction for the capped area.

Soil samples found elevated levels of lead and arsenic in the soil at the S.R. Kilby site. DTSC proposes to dig up and remove about 6,150 cubic yards of soil. Then, DTSC plans to consolidate all of the material into a burial area and cover it with an asphalt, clay or concrete cap. You may comment on any aspect of this Draft RAW.

Under the California Environmental Quality Act, DTSC must evaluate whether the proposed actions may have any significant impacts on the environment. On the basis of our analysis, DTSC has prepared a Notice of Exemption.

The public comment period begins November 3, 2005, and ends December 5, 2005. You may send all comments in writing to Ruben Medina, Project Manager, DTSC, 1515 Tollhouse Road, Clovis, CA 93611 or by e-mail to RMedina@dtsc.ca.gov. Comments must be postmarked or delivered by December 5, 2005.

You may review the Draft RAW and the Notice of Exemption at the Rosamond Main Public Library, Reference Desk, 3611 West Rosamond Blvd., Rosamond CA 93560.

The full administrative record is available at:

At the close of the public comment period, DTSC will make the decision on the Draft RAW and the Notice of Exemption only after public comments have been received and considered. DTSC will prepare a Response to Comments document and send it to all people who commented on this project. Also, you can review the Response to Comments document at the locations listed above or on the DTSC web site.
